ARCTIC SODA WORKS, 157 Miller St., Honolulu, H. T.

ALL KINDS OF RUBBER GOODS

Goodyear Rubber Co.

R. H. PEASE, President, San Francisco, Cal., U. S. A.

AH ON IS CONVICTED

First of the "Hatter" Cases to be Won by the Territory.

Before Judge De Bolt in the Circuit Court yesterday, Ah On, a former Chinese police officer, was found guilty of accepting a bribe. This is the first conviction secured in the so-called "Hatter cases," the evidence having been secured by the Pinkerton man who came down to the islands last year and stirred things up in the police department. The jury was out about ten minutes before bringing in a verdict, and Ah On will be sentenced Friday morning.

The crime of which defendant was found guilty was the acceptance of a bribe from one Chong Choy Fat to allow the latter to run a che fa game at Aiea. According to the story told by Chong, he was paying Ah On the sum of fifteen dollars per week upon the understanding that the game should not be raided.

VERDICT SUSTAINED.

In the Supreme Court yesterday a decision, written by Justice Wilder, was handed down sustaining the exception of plaintiff to the granting of a new trial in the Meleaka How On and How On vs. Ah Moe, Ah Ho and Tong Jung, alias Yee Sung, action in ejectment, in which the verdict was for plaintiffs. The syllabus of the decision is as follows:

"In ejectment claiming right to possession of land and damages the following verdict was rendered. 'We the jury in the above entitled cause find for the plaintiff in the sum of one dollar damages.' Held, that the verdict, which was deficient in not expressly finding one of the issues in the case, may be aided by the pleadings, instructions and exhibits, so as to supply by intendment that which was not expressed in it, but which necessarily followed from that which was expressed, viewed in connection with the pleadings, instructions and exhibits, and should be construed in this case to mean a verdict for plaintiff for the land described in the complaint and one dollar damages."

CHINATOWN FIRE CASE.

One of the Chinatown fires was the subject of a Supreme Court decision written by the Chief Justice and handed down yesterday. The action was to recover \$750 upon a policy of fire insurance issued by the Alliance Assurance Co. of London upon Kwong Lee Yuen & Co.'s building on King, between Maunakea and Kekaulike streets.

Through erroneous rulings by the trial judge a new trial is ordered, the verdict of the jury for plaintiff being set aside. The syllabus says in part: "The fire should be regarded as caused by the order of the Board of Health, though started in buildings outside of but near the condemned area, if it was so started for the purpose of preventing a spread of the fire from such area to other uncondemned buildings and was reasonably necessary or reasonably supposed to be necessary for that purpose, but not if, though done in good faith, it was so started by mistake or

THE WORRIED WOMEN.

"They say men must work and women must weep; but alas, in this too busy world women often have to work and weep at the same time. Their holidays are too few and their work heavy and monotonous. It makes them nervous and irritable. The depressed and worried woman loses her appetite and grows thin and feeble. Once in a while she has spells of palpitation and has to lie up for a day or two. If some disease like influenza or malarial fever happens to prevail she is almost certain to have an attack of it, and that often paves the way for chronic troubles of the throat, lungs and other organs; and there is no saying what the end may be. Let the tired and overladen woman rest as much as possible; and, above all, place at her command a bottle of

WAMPOLE'S PREPARATION

a true and sure remedy for the ills and maladies of women. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. Search the world over and you will find nothing to equal it. Taken before meals it improves the nutritive value of ordinary foods by making them easier to assimilate, and has carried hope and good cheer into thousands of homes. It is absolutely reliable and effective in Nervous Dyspepsia, Impaired Nutrition, Low Vitality, Wasting Conditions, Melancholy, Chlorosis, Scrofula, and all troubles of the Throat and Lungs. Dr. E. J. Boyes says: "I have found it a preparation of great merit. In a recent case a patient gained nearly twenty pounds in two months' treatment, in which it was the principal remedial agent." It carries the guarantee of reliability and cannot fail or disappoint you. At chemists.

HOSTETTER'S

BITTERS

GIVE IT A TRIAL

The next time your stomach becomes weak and you suffer from Loss of Appetite, Belching, Heartburn, Nausea, Cramps, Indigestion, Dyspepsia, or Constipation, we urge a trial of Hostetter's Stomach Bitters. You'll be well pleased with the result, because it positively cures such complaints. Hundreds of sickly men and women have testified to its efficacy. Get the genuine with our Private Stamp over the neck of bottle.

HOSTETTER'S STOMACH BITTERS

Do not accept the "just as good," insist upon trying Rainier Beer. You will always order it—it never changes.

merely to make room for convenience to work in when burning the condemned buildings. A new trial is ordered for erroneous instructions upon these points."

TESTA PLEADS GUILTY.

Yesterday F. J. Testa pleaded guilty of criminal libel upon Walter G. Smith and received a nominal fine. The previous evening he had sent a personal letter of retraction and apology to Mr. Smith and also published it, whereupon the prosecuting witness agreed to the imposition of a light fine. Mr. Testa averred that he had charged Mr. Smith with offences committed by another man.

COURT NOTES.

The Hawaiian Gazette Company has filed a demurrer to the libel suit of A. V. Gear claiming, among other grounds, that the complaint does not state sufficient facts to constitute a ground of action, and that the language of the alleged libel is not actionable per se. The libellant asks that the complaint be dismissed, with costs.

Mary Sanderson, a sixteen-year old girl who is an inmate of the Maternity Home, is a divorced woman, along with other things, a decree of divorce having been granted yesterday to her husband, Thomas Sanderson. She was in court yesterday in short skirts, and with her hair down her back, and admitted that she had not been good, but claimed that she had been married to Sanderson against her will.

The Federal grand jury was in session nearly all day yesterday. It was said upon the Chinese peonage cases. But of course nothing really leaked out as to what the body was about.

The Supreme Court yesterday heard argument in the case of W. W. Bierce vs. C. J. Hutchins, trustee.

Judge De Bolt yesterday afternoon began the trial of M. P. Lagan, the former employee of the Oahu Railway and Land Company, charged with embezzlement.

Another demurrer has been filed by C. W. Ashford in the case of the United States against Aloia and Isaac Ka'uho, a suit to collect from bondsmen for alleged post office defalcations on Kauai.

TRADE AND INDUSTRY.

The Paris municipal council has unanimously called on the French legislature to make it a penal offense to cause employees of either sex to work more than six days a week.

The Goldfields Labor Council, of West Australia, has passed a resolution in favor of a six-hour working day, and as a labor ministry is in power the idea is likely to be realized.

Glass houses may soon be made stone-proof. Silesian glassmakers are turning out glass bricks for all sorts of building purposes, and hope that the proverb will soon have no significance.

Fifteen million bunches of bananas were brought to the United States last year by one fruit company, which runs 83 steamers. They came chiefly from Cuba, Costa Rica, Jamaica and Honduras.

The American smelters of the smelter town of Murray, Utah, have organized to ask the employers to discharge all Greek and Austrian employees and to employ only Americans in future, because the foreigners are accused of many recent crimes.

The restriction that salmon may not be taken from the waters of southeastern Alaska until after July 1 of each year has been removed, and, in view of that, it is expected that the catch will be very much larger this year than previously.

The Journal of Education says: "Taking the country as a whole, one child in five between the ages of 5 and 15 is at work as a wage earner. In Alabama it is one in four, while in Massachusetts it is but one in 200! Massachusetts leads all other states—is far in the lead—in this particular. Her record is 40 times as good as that of the United States as a whole."

SON OF THE PRESIDENT

Mormon Chief's Boy a Missionary in Hawaii.

Two very interesting young men left Honolulu on island steamers last evening, one for Maui and one for Kauai. They bear notable names, for one is a son of President Smith of the Utah Mormon Church, with headquarters at Salt Lake City, and the other is a great-grandson of Lorrin Farr of Ogden, Utah, who is said to be the patriarch of one of the largest families in the United States.

Young Smith is the son of President Smith by his fourth wife, it is said. He has been in the Hawaiian Islands about three years, having been sent out by the church on a mission, as was also young Farr. Both are very young men, but it is generally the case that when the church sends its missionaries out into the world they are sometimes not more than nineteen years of age. The younger, the more zealous in the work. When the church commands, it is for the subjects of the First Presidency to obey. The command falls alike upon the son of the President or the humblest toiler and tithe-payer in the fields, and all alike have to go out preaching the gospel of the Church of Jesus Christ of Latter Day Saints without scrip or purse. Two years is generally the period they are called upon to do missionary labor. They are sent to Germany, Scandinavia, England, Ireland (where they have little success), and the South. In every foreign country they instantly begin to learn the language.

Every island in the Pacific Ocean knows the Mormon missionary, Hawaii has known the young zealots since 1850, when President Smith and George Q. Cannon, then very young men, landed on these shores and began their propaganda. Both picked up the native language in a short time, and when Mr. Cannon revisited Honolulu three or four years ago, he surprised everyone by speaking the language of the islands.

And so young Smith came here about three years ago, and Farr about a year ago. Last night Mr. Farr went to Maui, where he will remain a year. Mr. Smith went to Kauai to remain about the same length of time.

Lorrin Farr, the patriarch, is about 87 years of age. At a reunion of the Farr family held at Ogden two years ago, when his descendants from the two nearest counties assembled, over 200 persons were present.

"And there were many counties to be heard from," said young Farr yesterday while telling the story. "I really don't know just how many descendants my great-grandfather has."

The family is said to number about 400 persons. Mr. Smith's father is now the head of the Mormon Church. He is now the son of Hyrum Smith, brother of Joseph Smith, the founder and martyr of the church. Joseph Smith was killed by a mob in the town jail at Carthage, Illinois, in the early 40's. It is an interesting fact that the Mormon Church has recently purchased the old jail at Carthage and adjacent property and will again occupy the place as a center of Mormon faith.

"We had a reunion of my father's family about four years ago," said Mr. Smith yesterday, shortly before sailing for Kauai, "and there were forty-two present. I don't know how many more there are now," he added jestingly.

How Sugar is Made White.

The way in which sugar is made perfectly white, it is said, was found out in a curious way. A hen that had gone through a clay mud puddle went with her muddy feet into a sugar house. It was observed by someone that wherever the tracks were the sugar was whitened. This led to some experiments. The result was that wet clay came to be used in refining sugar. It is used in this way: The sugar is put into wooden jars shaped as you see the sugar loaves are. The larger ends are upward. The smaller ends have a hole in them. The jar is filled with sugar, the clay put over the top and kept wet. The moisture goes down through the sugar and drops from the hole in the small end of the jar. This makes the sugar perfectly white.

Proof on Tap.

Clara—Was it a case of love on her part, do you think?

Maude—It certainly was. Why, she gave up a position paying a salary of \$15 a week to marry him and he is only getting \$10.—Chicago Daily News.

Wheat and Oat Hay AT AUCTION

To Arrive Per R. P. Rithet.

3000 BALES OF GOOD QUALITY WHEAT AND OAT HAY.

This will be sold in lots to suit purchasers.

The date of the sale will be announced soon, and in the meanwhile it will pay Dairyman, Draymen and all buyers of Hay to go light on purchases until this sale takes place.

JAS. F. MORGAN, AUCTIONEER.

Auction Sale.

Thursday, April 20, 1905.

At my salesroom—

Valuable collection of COINS, to be sold singly.

JAS. F. MORGAN, AUCTIONEER.
